Interests and Conclusion

I am a high achiever and take pride in enjoying a wide range of activities outside of work and school. I am an avid gamer, particularly of the Open World genre and MOBA games, noting Skyrim, Warframe and League of legends as games I love to play a lot. I love to dance it is a passion of mine I was a member and is a member of my high school and college dance troops I enjoy expressing my emotions and feelings through dance movements. I also play the guitar and love to do jamming session with friends and I was a member of our High school Choir Club as a guitarist. I thoroughly enjoy web browsing as well as watching historical documentaries.

I have demonstrated my ability to adjust and adapt to my school and working environments and the tasks laid before me, taking them on and overcoming any fears and preconceptions along the way. I understand the value of teamwork and the roles necessary in an efficient team environment as well as the importance of approachable and supportive interaction with others whilst being more than capable to work on my own. Increased pressure has come hand-in-hand with increased responsibility at times, however through thorough time management, clear objectives and regular reviews, I have successfully navigated my way around these stumbling blocks.
